

Learning & School Safety Operations

Regardless of the phase, we have identified four priorities that we will focus on throughout the entire process:

- ◆ **Promote Behaviors that Reduce Spread**
- ◆ **Maintain Healthy Environment**
- ◆ **Maintain Healthy Operations**
- ◆ **Prepare for When Someone Gets Sick**

Green: On-Site Learning Environment

- Students and staff attend on site with enhanced and mandatory health and safety protocols put in place. This will be implemented when there are low levels of community restrictions. Parents may choose to have their child(ren) attend remotely.

Yellow: Hybrid Learning Environment

- Students spend part of their time in the classroom, while other students and staff may be asked or required to participate remotely.
- Students may also be targeted for stable groups and asked to attend on site in a controlled environment while also doing remote learning.
- This phase may be implemented when there are moderate to high levels of community restrictions.

Red: Remote Learning Environment - Students receive their learning remotely by USD 325 teachers. This is the most restrictive situation, implemented at a single school, multiple schools, or entire district when there are high levels of community restrictions.

Green – On Site Learning Environment

What to expect

Instruction: Students and staff attend on-site learning with parent choice of remote learning made available for students. Health and safety precautions are in place.

Students with Exceptionalities: Students who are medically able and willing to return to school receive their typical support and programming. Support will continue for

students with special needs or are medically vulnerable who need to remain in home learning.

Health and Safety Precautions: Physical distancing as feasible implemented with in-person instruction in classrooms, and six-foot distancing with infrequent or incidental moments of closer proximity at all other times. **Face coverings are required for staff and students when the six-foot social distance cannot be maintained.** Temperatures will be taken for staff and students upon entering the building. Hand washing/sanitizing takes place upon entrance of buildings, cafeteria, and at regular intervals, no less than once every hour on an hourly basis throughout the day.

Classrooms: Arrange furniture to have all students face the same direction. Students will be assigned seats. The sharing of school supplies/materials will be limited to the greatest extent possible. Hand sanitizers will be available in classrooms.

Common Spaces: Access to these areas will be limited to students, staff, and essential personnel. The number of students in office spaces will be limited to maintain physical distancing. Hand sanitizing stations will be available in these areas.

Transitions: Reduce the use of lockers when feasible. Minimize students traveling between buildings and/or classrooms.

Extracurricular: Maintain an attendance roster for activities that take place. Use appropriate precautions based on the activity.

Food Services: Breakfast and lunch will be made available for students and be served in the cafeteria and/or other designated areas. Physical distancing will take place.

Transportation: Normal service will be provided to eligible students. Face coverings will be required **as** outlined in KS Executive Order 20-59. Temperature checks will take place as students arrive at school.

Yellow – Hybrid Learning Environment

What to expect

Instruction: Students are targeted for on-site learning in stable groups in a controlled environment while others may be engaged in remote learning through the use of district, student-issued devices.

Students with Exceptionalities: Special education services will be provided consistent with each student's participation in hybrid learning. Individual plans are put in place for

students who are immunocompromised and for families who choose to keep their students in online instruction.

Health and Safety Precautions: Physical distancing as feasible is implemented with in-person instruction in classrooms, and six-foot distancing w/ infrequent or incidental moments of closer proximity at all other times. Face coverings are required for staff and students with noted exceptions. Temperatures will be taken for staff and students upon entering the building. Hand washing/sanitizing takes place upon entrance of buildings, cafeteria, and at regular intervals, no less than once every hour on an hourly basis throughout the day.

Classrooms: Students and staff will be scheduled for targeted, stable groups to attend on-site and will have limited access to the building. Arrange furniture to have all students face the same direction. Students will be assigned seats. The sharing of school supplies/materials will be limited to the greatest extent possible. Hand sanitizers will be available in classrooms.

Common Spaces: Students and staff targeted to attend on-site will have limited access to the building. Movement will be limited within specific areas. Students and staff will maintain social distancing of six feet. Hand sanitizing stations will be available in these areas.

Transitions: Students and staff targeted to come in will have limited transitions from one area of the building to another.

Extra and Cocurricular: All USD 325 activities and events may be canceled and/or postponed.

Food Service: Breakfast and lunch will be made available for students and be served in the cafeteria and/or other designated areas such as classrooms. Physical distancing will take place. Students required to participate in remote learning will have food distribution provided curbside.

Transportation: Transportation may be limited or cancelled based on guidance for appropriate authorities. Face coverings will be required as outlined in KS Executive Order 20-59.

Red – Remote learning

What to Expect

Instruction: During Phase 3 all USD 325 buildings are closed, and all learning is conducted remotely through the use of district, student-issued devices. Students engage in school online during regular school hours and follow a standard school schedule with daily contact being made by staff via video conferencing.

Students with Exceptionalities: Teachers of students with special needs work virtually with them.

Health and Safety Precautions: All USD 325 buildings are closed to all but essential staff. Those identified as essential staff will maintain physical distancing of six-feet w/ infrequent or incidental moments of closer proximity while performing job duties. Face coverings are required for staff with noted exceptions. Temperatures will be taken for staff upon entering the building for the day. Hand washing/sanitizing takes place upon entrance of buildings at regular intervals, no less than once every hour on an hourly basis throughout the day.

Classrooms: All USD 325 buildings are closed, and all learning is conducted remotely.

Common Spaces: All USD 325 buildings are closed, and all learning is conducted remotely.

Transitions: All USD 325 buildings are closed, and all learning is conducted remotely.

Extra and Cocurricular: All USD 325 activities and events are canceled and/or postponed.

Food Services: Food Distribution is provided curbside.

Transportation: No services are provided.
